72,000 APPLY FOR FIRST AID COURSES

Included in This Vast Number
Are Many From This
Area

START 800 NEW CLASSES

Many residents of this section are among the 72,000 persons who have applied to the southeastern Pennsylvania Chapter of the American Red Cross for instruction in first aid.

To meet this staggering public demand for training in one of the most vital phases of civilian defense, the Red Cross has started 800 new classes for instruction throughout the Bucks, Chester, Delaware, Montgomery and Philadelphia counties, comprising the territory of the Southeastern Pennsylvania Chapter.

Classes number about 20 persons each, and are being conducted in churches, schools, industries and other meeting places throughout the area.

With this and many other Red Cross activities being pushed at top speed, another group of volunteers, under the leadership of Blackwell Newhall, chairman of the Southeastern Pennsylvania Chapter, is organizing the Red Cross War Fund campaign for this area, which will open on February 13th.

A goal of \$2,500,000 has been set for the local fund, as part of the national goal of \$50,000,000 needed to carry on the expanded services of the Red Cross among the military forces and on the home front.

Serving with Mr. Newhall as vice-chairman in the campaign will be Harry I. Lauer, of the Pennsylvania Company; Isidore Kohn, vice-president of the Hercules Cement Company, and John J. Sullivan, vice-president of the Market Street National Bank. Marshall S. Morgan, president of the Fidelity-Philadelphia Trust Company, is campaign treasurer.

Although Philadelphians were asked to start its Red Cross campaign in response to the President's proclamation immediately following Pearl Harbor, the local appeal was postponed until February out of deference to the annual United Charities appeal, which opened January 25th.

AN EVENING AFFAIR

Mr. and Mrs. Samuel Rogers, Buckley street; Mr. and Mrs. Howard Smoyer, Swain street; Mr. and Mrs. Arthur Peterson, New Buckley street; Mr. and Mrs. Edwin Ballinger, Maple Shade; Mr. and Mrs. Clifford Warrick, Mayfair; and Edward Myatt, Florence, N. J., were entertained Saturday evening by Miss Louise Adams, Burlington, N. J. The prize for games was won by Mrs. Arthur Peterson. Refreshments were served, the decorations being in keeping with St. Valentine's Day.

MEETING AT TULLYTOWN

TULLYTOWN, Feb. 10.—There will be a national defense meeting this evening at eight o'clock in the Methodist Church, with all local air-raid wardens and emergency police attending. Jacob C. Schmidt, Jr., district air chief warden, and James E. Harris will talk on various subjects, with the latter speaking about incendiary bombs. Walter Strouse, chief air raid warden of Tullytown borough, will be in charge of the meeting. The public is invited to attend.

Miss Evelyn Pennington, Trenton, N. J., was a Friday guest of Mr. and Mrs. Joseph Pettit, Nelson Court.

Mr. L. Goes To Sunday School

(By "The Stroller")
A prominent borough official, anxious to help Uncle Sam conserve electricity, set his clocks on "war time" a day ahead of the designated time.

All was "set" when he went to bed Saturday evening, and arising on Sunday he set out immediately after breakfast for his church.

Arriving, he was surprised to see children entering the edifice. He waited in the corridor for a few minutes, thinking Sunday School would soon dismiss.

But it was just about to begin. He was only 24 hours early in making the change—so he remained for Sunday School.

A prominent automobile dealer was also "ahead of himself" in zeal of clock-setting. He got the family car out and took his wife to Sunday School at an early hour.

ANNUAL MESSAGE OF BURGESS ANDERSON

Bristol, Pa.,
January 1, 1942.

To the President and Members,
Bristol Borough Council, Bristol, Penna.
Gentlemen:

My twenty-fourth consecutive message to the Officers and Members of Borough Council, will be a greeting with congratulations for a closed year with our matured bonds and interest on outstanding bonded indebtedness paid, as well as all other outstanding current indebtedness of our Borough.

I shall not dwell on the reports and work of your various Committees, as they have been submitted to you. They bespeak of careful and competent management and deserve the appreciation of our citizens and taxpayers.

These men serve loyally and unselfishly without recompense, the interests of our citizens and taxpayers, many times, at a sacrifice to themselves.

I suggest, and submit for your recommendation, increasing materially our police and fire department force. In these critical times of stress, we should be, as far as possible, prepared for any emergency.

I suggest that thought be given to the guarding of the vital departments of our civic life, such as our water towers, water works, sewer department and fire department, as I feel we will be expected, or probably ordered to do, by the Defense Authority.

I suggest that Mulberry Street be made a one-way street from Pond to Radcliffe Street, allowing parking on both sides.

I suggest that your Street Committee give attention to either resurfacing or rebuilding several streets of our Borough that need attention badly.

I continue to pledge myself ready at all times, or at least for four more years, to co-operate in all problems that tend to the welfare, happiness and the safety of our community and its citizens.

May I also extend to the Officers and Members of Borough Council and to our friends and citizens, best wishes for health, happiness and safety throughout the year.

Respectfully submitted,
CLIFFORD L. ANDERSON,
Burgess.

One Man's Opinion

By Walter Kiernan
(I. N. S. Staff Writer)

Our dairyman has joined the miners' union and now refers to his product as bovine ore.

He became a miner by paying dues of 10 cents per cow to District 50 and is privileged to wear a lamp on his hat.

The head man of District 50 is a woman who by odd coincidence is the daughter of John L. Lewis.

Headquarters of District 50 are in Manhattan near the old gold mining camps of Wall Street.

District 50 also admits button makers to membership.

District 50 is the curio cabinet of the mine workers.

The A. F. of L. has nothing like it except maybe the musicians' union which gave old Bill Green a card when he lost his miners' union card.

Bill proved he was an artist on the megaphone.

Thought for the day: Know any card tricks?

Claim Steady Stream of "Japs" Crossing To Singapore Island

Tokyo.—By official Japanese wireless—Domei news agency claimed today that the great causeway linking Singapore Island with Johore Bahru on the southern tip of the Malayan mainland has been repaired and that a steady stream of Japanese troops and supplies now is pouring across.

A Berlin radio broadcast quoted Domei as claiming the Japanese have established artillery positions at the southern end of the causeway.

The causeway was wrecked by the British after the last of their troops had been withdrawn from Malaya to Singapore Island. Domei claimed, however, that Japanese engineers had succeeded in repairing it.

Imperial headquarters claimed today that Japanese forces have completely occupied the Tenga airdrome about five miles from the west coast of Singapore.

Batavia.—In an apparent prelude to an all-out attack on Java before the united nations can complete their defenses, Jap forces today launched an invasion of the island of Celebes and stepped up their drive against Bandjermasin in Borneo.

The invaders lashed out at Macassar, a strategic point controlling the straits of the same name between Celebes and Borneo. Both Macassar and Bandjermasin lie only 330 miles from Java.

"The Netherlands Indies realize that the latest Japanese action means the final onslaught is imminent," an informed spokesman said.

Two Formations of Japanese Planes Over Singapore

London.—Two formations of Jap heavy bombers were over Singapore City this morning but it was impossible to see the planes or to judge what damage their bombs caused owing to a thick pall of smoke which covered the entire island. Exchange Telegraph Company reported at 9:13 a. m. Bristol time today. Explosions were heard intermingled with the bark of anti-aircraft fire. It was announced that 51 persons were killed and 262 injured in yesterday's raids.

Australian Planes Bomb Enemy Shipping Off New Guinea

Melbourne.—Australian planes bombed enemy shipping on the coast of New Guinea last night, an official communique said today. No further details were given.

It was announced that the whole Australian coastline and vital areas as far as 100 miles inland will be blacked out beginning Wednesday night.

Judge Calvin S. Boyer Warns
Intoxicated Drivers of
Automobiles

SENTENCES ARE GIVEN

DOYLESTOWN, Feb. 10.—Pleading guilty to driving while drunk in Quakertown, Cory C. Pewterbaugh, 59-year-old painter and World War veteran who receives a small disability pension from the United States, was sentenced yesterday by President Judge Hiram H. Keller to pay a fine of \$150 and costs and was placed on probation for one year. Pewterbaugh lives in Tunkhannock. The Court allowed him 60 days to settle and Pewterbaugh paid \$90 down on account.

Pewterbaugh testified that he "helped a fellow out by drinking part of the contents of a bottle of whiskey one cold morning."

Thomas McDonald, of Bristol, charged with failure to give name and exhibit operator's license at the scene of an accident on State Road, a mile east of Bristol on Nov. 23, pleaded guilty before Judge Keller. The costs directed young McDonald to pay the costs and placed him on probation for one year.

Charged with adultery, Mrs. Anna Binkley, Croydon, and Charles Saxton, Croydon, pleaded guilty before Judge Keller yesterday. They were sentenced to pay the costs. Saxton was given a one year suspended prison sentence on condition that the costs be paid. Mrs. Binkley was given a six months' suspended prison sentence on condition that she restrict her companionship to her husband. The court was informed that the parties involved had promised "to straighten things out." The Binkleys and Saxtons were friends for years.

Aaron Strohmer, 22-year-old Trumbauersville hosiery knitter employed at Stroudsburg, and Ernest Keck, 19, Trumbauersville, pleaded guilty yesterday before Judge Keller to sounding a false alarm of fire on the night of Nov. 17, 1941, in Trumbauersville.

Aliens of enemy nationalities over 14 years of age, and who are within the United States, and who have not fully acquired United States citizenship, have been notified by the U. S. Department of Justice that they must apply at specified post office for certificates of identification.

Bristol post office is one of those designated.

Such Certificates are to contain the alien's photograph and must thereafter be carried by the person to whom issued. Those who do not comply with these requirements are subject to severe penalties.

The Certificate of Identification will be a protection and will facilitate matters in connection with travel and other permits, passes, and exemptions which may, from time to time, be granted to individual persons in accordance with rules and regulations, it is said. The Certificate will serve different purposes than the Alien Registration Receipt Cards heretofore issued.

In filing the Application for Certificate of Identification, aliens are merely giving current information concerning them and are complying with necessary war-time requirements of the United States Government. They will, it is stated, thus be giving evidence of peaceful disposition and of a desire to co-operate and to conform to the laws of the United States.

REMEMBER BISBEE!

Headlines about Cavite, Luzon
and Manila must have brought a
host of memories to Brig. Gen. Wil-
liam H. Bisbee, U. S. A. retired, as
he celebrated his 102nd birthday re-
cently at his home in Massachusetts.
He is the oldest person of that rank
in the United States. He earned his
present rank on the Philippine bat-
tlegrounds. It was he who brought an
end to the Aguinaldo insurrection.

And, familiar as he is with inter-
national conditions, the periphery of
the Japanese was no surprise. Two
years ago, on his one hundredth
birthday, he said the United States
might become involved in war "when
Japan really interferes with the open
door policy in China."

General Bisbee is of pioneer New
England stock. He is a veteran of
the Civil, Indian and Spanish-Amer-
ican wars as well as the Philippine
insurrection. He was an officer at
Fort Kearney in Wyoming in 1866
when Colonel Fetterman and 80 sol-
diers were killed by the Indians,
since known as the Fetterman Mas-
sacre. His military career is unique.
His commissions are signed by five
Presidents—Lincoln, Johnson,
Cleveland, McKinley and Theodore
Roosevelt. He has received four
medals.

He believes that the present war
is an inevitable necessity, for "we
have been fighting about something
or other since the days of Cain and
Abel. Sometimes a fight is neces-
sary, such as the ones for our inde-
pendence and for abolition of slav-
ery."

It is not hard to see that the old
veteran chafes at the restrictions of
age.

DEATH OF PAWNEE BILL

In the death of Maj. Gordon W.
Lillie at the age of 81 the West has
lost its last picturesque and colorful
character of the days when that vast
area between the Mississippi and the
Pacific was being settled, the days of
the buffalo, the Indian, the stage
coach, the covered wagon and im-
mense herds of cattle.

Major Lillie was the last of the
frontiersmen and showmen who
were known by such apt nicknames
as "Buffalo Bill," "Wild Bill," and
scores of others. The name Pawnee
Bill was bestowed upon him in 1882
when he was connected with the
Pawnee Indian Agency at Pawnee,
Oklahoma.

He capitalized upon the title when
he entered the Wild West show
business, which he later combined
with Buffalo Bill's show. He and
Cody were life-long friends and he
retired from the show business upon
the death of Buffalo Bill a quarter
of a century ago.

Major Lillie took command of the
Oklahoma boomers in 1888 upon the
death of Capt. David L. Payne, who
started the movement for settlement
of Oklahoma then known as Indian
Territory. On April 22, 1889, the
Oklahoma land rush was staged and
the date is now known as the birth-
day of the state. In 1893 he organ-
ized the "Cherokee Strip Boomers"
and was the leader in the opening of
this narrow slice of land in Northern
Oklahoma.

For Pawnee Bill the days of the
buffalo never passed. After his re-
irement from the show business, he
built up one of the largest privately-
owned herds of buffalo on his ranch
adjoining Pawnee, Oklahoma. On a
radio program two years ago, he
said: "To those who knew her when
she was young, the West will never
grow old."

GOLD STANDARD DIET BUILDS GOOD HEALTH; CHECK FAMILY MEALS

By Miss Edna Stephany
(Home Economics Representative)

It is again time to check the family
meals to see whether or not they are
up to the new yardstick. Make a promise
to yourself that your family will
live on the Gold Standard diet for
1942.

A Gold Standard diet builds better
health and happiness not only for this
year but for years to come. The founda-
tion for that good health is laid by
serving, in one form or another, one
quart of milk to every growing child
and pregnant or nursing mother, and
one pint to all other family members.

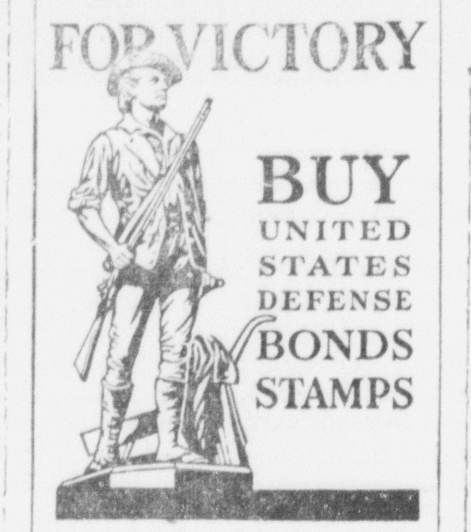

Upon this foundation of milk, add
the vitamin foods for vim, vigor, and
vitality; that is, one serving each day
of raw fruits or vegetables, citrus
fruits, or tomato juice. While these
foods provide vitamin C, the leafy
green and yellow vegetables add vita-
min A and minerals to the diet. To
satisfy the appetite, add another serv-
ing of two of potatoes and other fruits
and vegetables.

Colorful foods provide minerals and
vitamins for pep, but eggs, meat,
poultry, and fish give the strength it
takes to do the job.

After pep and strength are taken
care of, energy is next. Here is where
whole grain cereals and breads shine.
If the family objects to the whole

grain kinds, then enriched cereals and
breads would be best.

For the final finish and to see your
family well on the road to health,
complete the Gold Standard by adding
some fats and sugars to make the
meals interesting. Last but not least,
furnish water for the general well-
being of the family.

WAR NEEDS MONEY!
It will cost money to defeat our
enemy aggressors. Your govern-
ment calls on you to help now.
Buy Defense Bonds or Stamps
today. Make every pay day Bond
Day by participating in the Pay-
roll Savings Plan.
Bonds cost \$18.75 and up.
Stamps are 10¢, 25¢ and up.
The help of every individual is
needed.
Do your part by buying your
share every pay day.

After checking your meals you find
they are not up to Gold Standard, en-
deavor to make that one of your home-
making goals. It is worth the fight, for

PIE YOUR LEFTOVERS

LEFTOVERS needn't languish
when they can become individual
meat pies, tucked in a flaky pastry
crust best made with lard. First sift
together 2 cups all-purpose flour
and 3/4 teaspoon salt. Cut in 2/3
cup lard with spatulas until particles
are size of small pea.

Sprinkle 4 tablespoons cold water,
few drops at a time, over the mix-
ture working it in lightly with fork
until all particles are moistened and
in small lumps. Press dough into
ball, handling little as possible.
Flour board lightly. Divide pastry in
half and lightly roll to 1/8 inch
thickness. Using 3 1/2 inch pie plate,
cut circles from pastry.

Cut 1/8 inch wedge from each
circle to insure better fit in muffin
tins. Press pastry lightly to fit tins
and lap over cut wedge. Fill with
stew or leftover meat pie recipe.
Roll out remaining dough, cut in
2 1/2 inch circles and fit over top
each muffin tin. Press edges of
crust together. Bake in hot oven
(400° F.) 35 minutes. Remove from
tins and serve hot. 6 individual pies.

Golden Wedding Anniversary Takes Place in Morrisville

MORRISVILLE, Feb. 10.—A Morrisville couple, Mr. and Mrs. John F. Felsburg, marked their 50th wedding anniversary a few days ago, when a dinner party was held in their honor.

Mrs. Felsburg is the former Miss Mary E. Isaacs, daughter of the late Harry E. and Eliza Isaacs, Phila., and her husband is the son of the late Ernest and Sophia Felsburg, Minersville. Mrs. Felsburg was born in Philadelphia in 1874, and her husband was born in Minersville in 1866.

Working in foundries and the barber business occupied most of Felsburg's time before he retired three years ago. He has worked in foundries in Trenton, New Brunswick and Bound Brook, where he served as an assistant foreman.

Mrs. Felsburg was long one of Morrisville's best known swimmers. Each day during the summer she was at the Morrisville bathing beach.

Mr. and Mrs. Felsburg have six children, Elwood, a former Morrisville High School star athlete; Elmer, Baltimore; Mrs. Edna Montague, Mrs. Verna Morris and Mrs. Norma Ritter, Trenton, N. J.; and Mrs. Elizabeth Hart, of this place. They have 16 grandchildren, and two great grandchildren.

ON THE SCREENS

GRAND THEATRE

Metro-Goldwyn Mayer was wise in offering Greta Garbo another comedy role to follow up her success in "Ninotchka," for in the new comedy-romance, "Two-Faced Woman," in which she again appears with Melvyn Douglas on the Grand screen, the star proves once and for all that she can hold her own with the greatest of comedienesses.

Cast in the role of a woman who has to masquerade as her "twin sister" in order to win back her errant husband, Garbo not only plays the dual role with delightful humor and conviction, but also casts all her well-known reticence to the wind to sing, jitterbug, appear in a bathing suit for the first time.

RITZ THEATRE

A star-studded cast headed by Merle

Oberon, Joseph Cotten, George Reeves, Alan Marshal and Hans Yaray, plays the strong dramatic roles in "Lydia," which will have its premiere at the Ritz Theatre today.

Electric Rate

Cost of Living
Soars in
Phila. Area

Let me in on the secret!"

"Coal higher. Copper up. Every material you use costing more. Yet electrical rates are down.

"What is it, wizardry or just bookkeeping?"

The answer, of course, is neither. And there's no secret. In prosaic business there just is no place for magic. At least it hasn't had any part in cutting your electrical rate practically in half since 1925.

Here are the steps that have led to better electrical service at lower rates—

1. Generating plants have been placed close to source of demand.
2. More customers have been attracted—additional uses have been developed for electricity.
3. This reduced the amount of investment needed to serve each individual customer.

4. Tireless research has resulted in better equipment and greater load capacity.

5. Experimentation has developed added capacity for present plants.

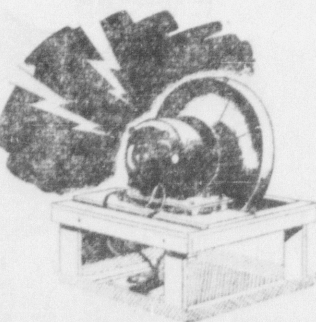

6. Improved methods also have made it possible to get the same amount of electrical energy from less than a pound of coal that used to take more than six pounds.

Six definite steps which have joined with many other accomplishments of alert management and conscientious employees to pave the way for rate reductions in 13 of the last 14 years.

Your neighbors who operate P.E. cannot make predictions for the future but, nevertheless, you can rest assured that tomorrow, as in the past, they will put forth every effort to bring the benefits of each new advance in electrical science immediately to your door.

DO YOU KNOW?

Lightning, formerly one of the most serious causes of interrupted service, now is largely tamed as a result of experiments at P.E.'s North Wales lightning trap. The research group now is studying lightning with an eye to new advances in electrical science.

DUGAN RALLIES TO WIN DIAMOND BELT OF THE M. A. A. U.

Bristol Boy Beats Joseph Van Loon, of Wharton Club

DEALT HARD BLOWS

Gave Hard Rights To Face and Did Some Good Infighting

PHILADELPHIA, Feb. 10.—Bringing the crowd to its feet in a rip-roaring third-round rally, Joseph "Jobby" Dugan, battling Third Ward youngster, of Bristol, won the Diamond Belt and the Middle Atlantic A. A. U. 175 sub-novice championship, by defeating Joseph VanLoon, of the Wharton Club.

So hard and so telling were the blows landed by Dugan that Referee Jack Dempsey and the two judges were forced to cast their votes for the Bristol boy despite the fact that he was floored by VanLoon in the second round.

Dugan, by virtue of several hard rights to VanLoon's face, and some nice infighting, had carried the first round by a close margin. Towards the close of the second session, a left hook by VanLoon caught the local aircraft worker on the button and he went down for the count of eight. He appeared out as he held on for the remainder of the canto.

Many of the Bristol fans who had edged their way into Convention Hall, thought it was curtains for the Bristol lad as his seconds, the Castor brothers, worked furiously over him to bring him to before the start of the final session.

But when the gong sounded, Dugan leaped after VanLoon like a tiger. He kept right after the Wharton fighter and showered him with rights and lefts. His rally left no doubt in the minds of the officials as to who should have the decision.

ST. ANN'S LOSES 4TH STRAIGHT GAME

St. Ann's A. A. lost its fourth straight game of the second half last night as it bowed to the Franklin A. C., 48-28, in a one-sided contest.

The "Saints" lost because their defense in the second half faltered having gained an 18-17 lead at the half-time whistle. In the period after the rest session, Franklin registered 17 points while holding the Purple and Gold to 2 points.

Barbetta and Balon accounted for 32 of the victors' points with 18 and 14 points, respectively. Swan had a total of 13 points to lead the losing aggregation.

FIFTH WARD DEALS BLOW TO TEXACO FIVE

The Fifth Ward Sporting Club dealt the Voltz-Texaco team a damaging defeat last night on the Mutual Aid floor as the gasoleers were practically eliminated from the first half race. Final score was: Fifth Ward, 39; Voltz-Texaco, 32.

The loss was tagged on the Texaco boys despite a gallant rally in the last period which netted 16 points. But in the previous quarter, the Reds had scored but a single field goal which gave the Warders a 33-16 lead.

Joe Pica and Clem Peterpaul led the assault on the Bristol Pike team with 11 and 18 points, respectively. The usually high-scoring Steve Florio was held to a single field goal.

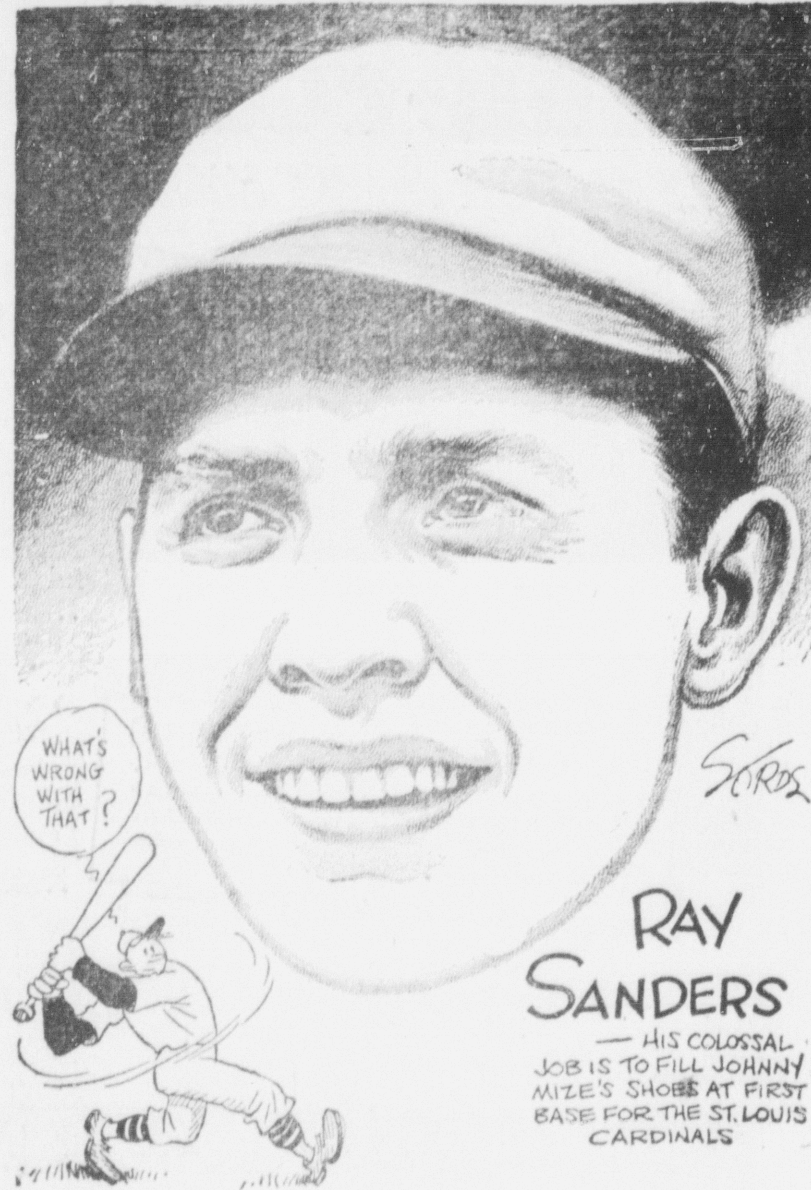

For Voltz, Marvin Hutchison hit the nets for a quietest of double-deckers.

TOUGH ASSIGNMENT - - By Jack Sords

RAY SANDERS — HIS COLOSSAL JOB IS TO FILL JOHNNY MIZE'S SHOES AT FIRST BASE FOR THE ST. LOUIS CARDINALS

BRISTOL HIGH PLAYS HOME; BENSLEM AT BOOTHWYN

Bristol High School seeks its sixth basketball victory of the season to-night at the expense of the West Conshohocken club. In the local gymnasium. A preliminary scrap featuring the Jay Vee units of both schools will get under way at 7:30 o'clock.

The Benslem Owls, who have been improving fast of late, will leave Cornwells Heights early in a trek to Boothwyn, nearly 45 miles from Benslem. The Cardinal and Gray passers will be out to avenge an early season beating inflicted by West Conshohocken. After trimming the Alumni in a practice game, Bristol opened its regular season by dropping a 27 to 20 verdict to the West-End five. West Conshohocken had a brilliant small school

ball club last year and advanced far in the P. I. A. A. tournament in Philadelphia in past season play. This year, however, they are playing second fiddle to their neighborhood arch rivals, Conshohocken, one of the current pace setters in Philadelphia Suburban ranks.

Bristol looks to balance to counteract the previous beating administered by the same ball club. Chick Di Angelo, Jim Hopkins, Nick Melidio, Joe Accardi and Ken Herrmann will probably get the starting jobs. Benslem "hits the road" to Boothwyn. The Owls are also out to atone for an early season beating. Pacing their attack will be Pete Everett, Hutton, Hess, Eldys and Lamb.

Proposed Demonstration Has Been Cancelled

The public demonstration announced yesterday to be held in Leedom's field, Thursday night, has been cancelled. The demonstration was to have been given under the sponsorship of the Bristol Consolidated Fire Department and was to deal with "How to and How Not to Handle Incendiary Bombs."

Two experts were to have come to Bristol Thursday night for the purpose of giving the demonstration and they had already shipped bombs here for the purpose.

The cancellation of the demonstration was made necessary due to a conflict of dates and today Chief Hagerman announced that it would not be held at this time.
